

Community Heritage Date Plaque

The New Haven Preservation Trust is proud to offer its Community Heritage Date Plaque program, made possible through generous support from Betsy Grauer Realty and Frew Management LLC.

Every building has a story, whether it dates from 1806 or 2006. NHPT encourages owners to explore the history of their property and proudly display an elegant plaque that identifies the year of construction. **Plaques are available for structures throughout all New Haven neighborhoods. Historic designation or renovation work is not required.**

We are pleased to offer the plaques at a subsidized price of \$60 (see reverse side to order). For more information, please contact NHPT.

Your plaque will include the 4-digit year (or c. date) of your building's completion. Plaque is white ceramic, with black lettering and elm-leaf silhouette. Finished plaques are drilled for mounting and hardware is provided.

This program is made possible through generous support from:

Community Heritage Date Plaque Application

Community Heritage Date Plaques are available for a special price of \$60 (includes tax & handling; payable by check or cash). Please allow 10–12 weeks for processing. Completed plaques can be picked up at the Trust office; we will notify you when your plaque is ready. Hardware will be provided, but mounting is the responsibility of the plaque owner. **There is no requirement for the age, type or location of the building; no renovation or restoration is required. Properties built at any time, in any New Haven neighborhood, are eligible.**
